EDUCATIONS

BRAWIJAYA UNIVERSITY | MALANG, INDONESIA

Aug 2022 - Present

Faculty of Computer Science, Informatics Engineering, GPA 3.80/4.00

THESIS: Automation of Functional and Visual Test Case Generation for Web Applications Using Large Language Models with Retrieval-Augmented Generation

Subject: Big Data Analytics, Data Engineering & Visualization, Advanced Artificial Intelligence, Deep Learning, Natural Language Processing, Computer Vision, Machine Learning Operations

EXPERIENCES

SQA AUTOMATION INTERN | TELKOM INDONESIA

Software Quality Assurance Intern

Jul 2025 – Sep 2025

- Engineered and implemented an agentic AI solution for autonomous generation and execution of system to autonomously generate functional and visual test cases, improving overall software validation efficiency.
- Enhanced QA workflows by integrating automated test coverage into existing pipelines to support flawless pre-release delivery
- Optimized Quality Assurance pipelines by integrating automated test coverage, reducing manual effort and securing flawless delivery for pre-releases

LABORATORY ASSISTANT | UNIVERSITY OF BRAWIJAYA

Laboratory Teaching Assistant of Algorithm and Data Structures

Feb 2024 – Jul 2024

- Developed tutorial materials and providing hands-on assistance during laboratory sessions to ensure students grasp the subject matter effectively.
- Monitored and assessed 30+ students progress through assignments and hackerrank tests, providing feedback to help them improve their understanding and performance in the course

MACHINE LEARNING ENGINEER | DBS CODING CAMP

DBS Coding Camp Powered by Dicoding

Feb 2025 – Jul 2025

- Developed end-to-end predictive models by performing data analysis with Python, and implementing various machine learning algorithms for data analysis tasks.
- Applied Deep Learning fundamentals with TensorFlow to build practical AI solutions for tasks like image classification solutions, while enhancing proficiency skills through expert-led workshops.

ORGANIZATIONS

HIMPUNAN MAHASISWA DEPARTEMEN TEKNIK INFORMATIKA UNIVERSITY OF BRAWIJAYA

Vice Chairman of Himpunan Mahasiswa Departemen Teknik Informatika

Nov 2024 – Present

- Collaborated with the chairman to oversee and manage 90 members with 20+ work program from two different academic programs, ensuring effective coordination and teamwork.
- Played a pivotal role in formulating strategies, setting organizational goals, and making key decisions to advance the association's objectives.

PKKMB & STARTUP ACADEMY

Head of Quality Control Division

Feb 2024 – Jan 2025

- Managed a team of 7 staff members to ensure the quality and standards of student services and programs across 860+ new students in the PKKMB and Startup Academy
- Oversaw and maintain detailed data tracking using Google Sheets for over 860+ students, enabling accurate analysis and efficient management of assignments, permissions, and performance.

SKILL & OTHER

Soft Skills: Critical Thinking, Leadership, Teamwork, Time Management, Team Management,

Hard Skills: Data Visualization, Machine Learning, Deep Learning, Statistics, Python, R, Java, SQL

Libraries & Frameworks: Scikit-learn, TensorFlow, Keras, Pandas, NumPy, Matplotlib, Seaborn

Tools & Platforms: AWS, Git, Spreadsheets, Visual Studio Code, RStudio, SSMS

Languages: Indonesia (Native), English (Professional).

Certifications:

- | | |
|--|----------|
| • Udemy - Complete Data Science Bootcamp | Dec 2024 |
| • DBS Coding Camp - Python Data Analysis | Jun 2025 |
| • AWS - Data Engineering | May 2025 |
